

# Glasgow 2014 Commonwealth Games in your area.

If you live or work near to one of the Games venues we want to keep you up to date with what hosting the Games in Glasgow will mean to you.

Throughout March, Glasgow City Council, Glasgow 2014 Ltd and Police Scotland are holding local information sessions to help you find out more.

These sessions will give you the chance to meet some of the people bringing world class sport to your doorstep, find out more about the Cultural events and Legacy projects across the city and speak to those who will be keeping the city open for business this summer. There will be lots of opportunity to ask any questions you may have, as well as the chance to hear the latest information, so please come along.

All sessions will run from 5.30pm – 7.30pm, with a short presentation at 6pm. To help us manage numbers it'd be helpful if you could **pre-register** for the session you'd like to attend. This means we can make sure everyone's needs are covered, however you can also just come along on the night.

At the moment we don't have the final details of proposed road closures, but these sessions will give you the opportunity to ask us any initial questions you may have. A further round of information sessions will be held in May when more specific detail around traffic management and parking measures for each venue is available.

If you require this poster in an alternative format, please phone 0141 287 0902

Session covers activity around*	Information session venue	Date	Contact to pre-register
